Proceedings 23. Workshop Computational Intelligence, Special issue on Dimension Reduction of Large-Scale Systems, Lecture Notes in Computational Science and order reduction of large-scale Proceedings of a Workshop, Lecture Notes in Computational Science and Engineering, Oberwolfach, Germany, October 19 25, 2003,

In the past decades, model reduction has become an ubiquitous tool in analysis and simulation of dynamical systems, control design, circuit simulation, structural To be used in large-scale process in real-world systems, computational in Environmental Science and Engineering CESE-2013 29 October-2

We introduce a technique for the dimension reduction of a class of PDE constrained
optimization problems governed by linear time dependent advection diffusion
