Summary A dissection involves cutting a polygon into pieces in such a way that those pieces form another polygon; for a hinged dissection, the pieces must be attached a thickness that can not be neglected) and physical piano hinges (that can be attached to one side of the plates only). This implies that you can fold two hinged

Greg N. Frederickson. HINGED DISSECTIONS. FREDERICKSON, GREG N. ISBN 10: Piano-Hinged Dissections. Time to Fold! Wellesley, Peters (2006).
